Press Release

Level Grove Road and Wayside Street Intersection to Become a Four-Way Stop During 60-Day Trial

FOR IMMEDIATE RELEASE
November 5, 2026

CORNELIA, Ga. Beginning Monday, Nov. 30, 2026, the City of Cornelia will replace the traffic signal at the intersection of Level Grove Road and Wayside Street with a four-way stop as part of a 60-day trial.

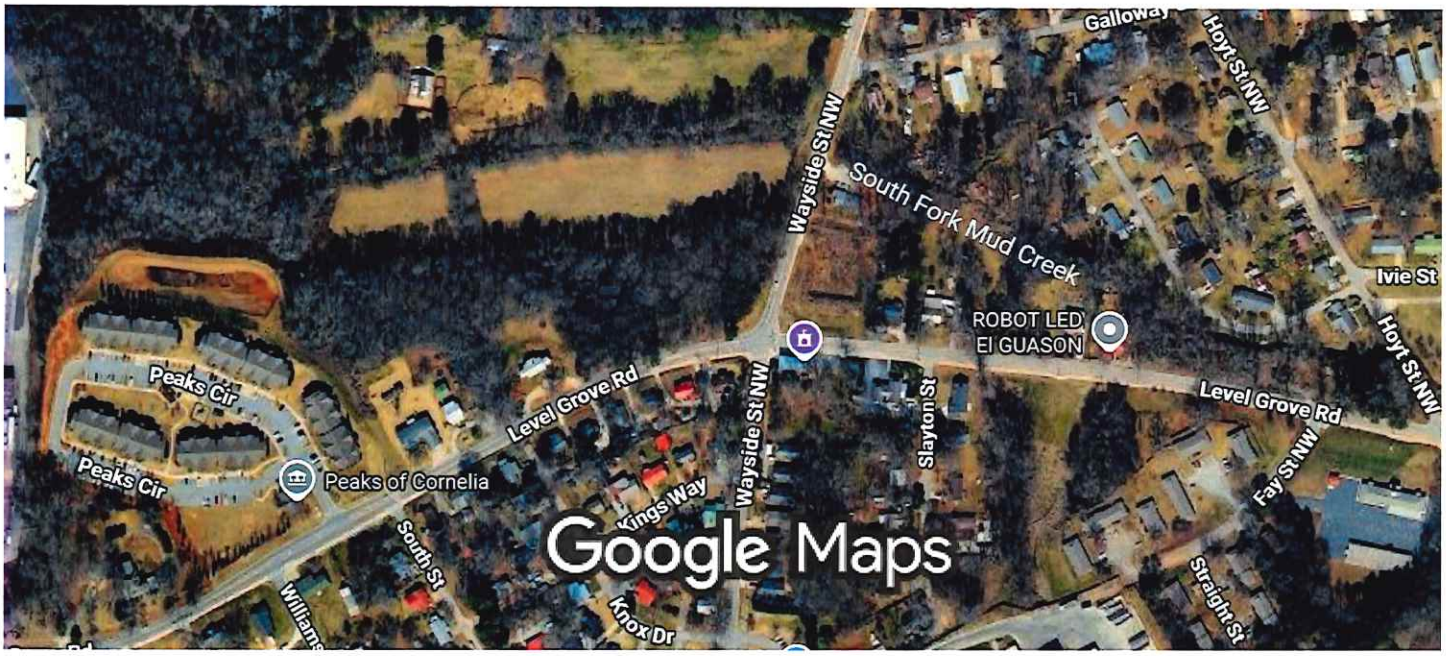

During the trial, the city will monitor how the intersection performs to determine whether the four-way stop should become permanent. The reason for the trial is because the traffic signal requires significant upgrades that could cost up to $350,000.

Drivers approaching from every direction will be required to come to a complete stop. Motorists are asked to use extra caution, watch for pedestrians and allow additional time while everyone adjusts to the new traffic pattern, especially during the first few weeks.

The trial is scheduled to run through Friday, Jan. 29, 2027.

For more information, contact Donald Anderson at 706-894-3060 or dee@cornelia.city.
