Official Update: Water Main Break on Chase Road ⚠️

-We are currently aware of a **water main break on Chase Road** causing low water pressure or a complete lack of water for many residents in the area of Chase Woods/Locke Rd. Our crews are on-site and working to get the line repaired as quickly and safely as possible.

-We are experiencing a very high volume of phone calls right now. Please rest assured that we are actively addressing the issue, and we will share updates here as soon as they become available.

Thank you for your patience and understanding!
